

Turn Visitors Into Local Restaurant Explorers

A branded, mobile-web restaurant passport for your downtown, chamber, destination, or hotel. Visitors sign up in seconds, check in at participating restaurants with a QR code, and unlock rewards. No app download. Restaurants join at no cost.

How It Works

- 1 We configure** your program name, branding, dates, restaurant list, and reward tiers.
- 2 We prepare the launch:** restaurant onboarding, QR and signage files, and guest messaging.
- 3 Visitors explore** participating restaurants, collect check-ins, and earn rewards.
- 4 You see the activity:** signups, check-ins, and restaurant visits, plus a close-out report.
